Summary

I am a highly accomplished computer science graduate from the Higher Institute for computer science and information system in Egypt, consistently ranking first in my class and achieving excellent grades. With two years of experience as a teaching assistant in the Information Systems Department at the Higher Institute for Advanced Studies, I have honed strong interpersonal and communication skills. Currently, I am conducting research at Beni Suef University after completing the pre-Masters stage. I am deeply passionate about computer science and am driven to make significant contributions to any organization I work for.

Skill Highlights

- SQL Server
- Oracle SQL
- MongoDB
- Python
- Flask
- Machine Learning
- Deep Learning
- data analysis
